Professional Experience

Pricing & Forecasting Analyst

HYDAC Group | September 2023 – Present

Support financial planning, pricing strategy, and forecasting across global product lines. Work cross-functionally with sales, supply chain, and leadership teams to manage pricing requests, improve profitability tracking, and modernize operational workflows.

- Partnered with the Sales Director to support the Microsoft Dynamics CRM implementation, aligning pricing workflows with internal issue tracking and ticket escalation protocols.
- Integrated SAP and CRM data into Excel and Power BI dashboards to monitor pricing support volume, turnaround times, and stakeholder engagement.
- Collaborate with sales leadership to model pricing tiers and evaluate deal profitability, providing insights into performance drivers.

Consulting Business Analyst

MBS Accountancy Co | April 2020 – August 2023

Provided financial and operational analytics to clients in healthcare, nonprofit, and professional services. Developed financial models, advised on cost management strategies, and documented performance metrics across diverse business types.

- Prepared financial reviews and presentations to support board-level decision-making and strategic planning.
- Conducted variance analysis and reconciled operational data to ensure forecast accuracy.
- Partnered with clients to identify cost-saving opportunities and revenue enhancement strategies.

Controller

Cask, LLC | December 2015 – February 2020

Led accounting operations and internal financial systems. Played a hands-on role in ServiceNow administration and reporting, working closely with internal teams and ServiceNow product engineers to align finance, sales, and operational data.

- Directly managed ServiceNow reporting tools, customizing dashboards and data flows for project finance, contract tracking, and billing accuracy.
- Utilized ServiceNow to monitor and triage issues related to vendor contracts, cost allocations, and project tracking.
- Partnered with business leaders to analyze project performance and develop dashboards that integrated financial, operational, and CRM insights.

-Attended Thomas Jefferson School of Law August 2012 – June 2015. Sat for California bar exam July 2015.-

Senior Financial Analyst

SAIC | February 2007 – July 2012

Supported FP&A and SEC reporting functions by managing cost allocation, budget reconciliation, and revenue forecasting. Ensured data integrity and compliance with GAAP across high-volume reporting cycles.

- Managed the preparation of monthly and quarterly financial reports for senior leadership.
- Built SQL Server queries and Excel models to support budget tracking, variance analysis, and KPI reporting.
- Collaborated with project and finance leads to evaluate financial performance across business units.
